

ARPA 23_2 HORIZONTAL

18 elements, height 606 mm, length 1820 mm. Standard White finish (cod. 01). Configuration cod. 01.

Technical features:

- round section manifold, 30 mm diameter
- 23 mm diameter steel round pipes
- threading at the ends of the manifolds, right G 1/2"
- maximum working pressure 8 bar
- maximum working temperature 95°C

Finishes available

(*) Thanks to the high performance of Irsap ARPA 23_2 Horizontal radiators, the ideal Δt for low temperature projects is Δt at 30°C.

For Δt different from 50°C use the formula: $Q=Q_n (\Delta t / 50)^n$

Special Options

Cod. 88

Welded manifolds
50 mm pitch
Universal
connection

Cod. 82

Welded
manifolds

Cod. 80

Internal
Flow diverter

Manifolds:

The pipefittings welded on the side manifold can be positioned at any point at a specified distance between centres. It is compulsory in this type of installation to install a flow diverter during production to ensure the product functions correctly. The minimum possible distance between centres is equal to 50 mm (cod. 88), while the maximum distance depends on the length of the radiator (cod. 82).

The maximum distance between centres is equal to the number of elements - 2 multiplied by 34 (element pitch): $H' = 34 \times (n^{\circ} \text{ of elements} - 2)$.

Side Connections (Cod. M82, M88): for side water connections insert an internal flow diverter to the bottom manifold

Internal Flow diverter (Cod. M80): Prearrangement for side connections with 1/2" welded fittings and internal flow diverter

Configured for connection with single-pipe valve: connection available only for modul and/or double-pipe systems, no monotube valve with loop - (specify water inlet)

For other connections see page 204

Connection dimensions with IRSAP valves

Prices include:

Wall fixing
systems with screws
and anchors in the
same color of the
radiator

1/2" Blind plug

Piper cover
kit white for
white radiators,
chrome for
colored radiators

1/2" Air vent
white for white
radiators,
chrome for
colored radiators

Number of elements:

Radiators with an odd number of elements will be supplied at the same price as a radiator with the next even number of elements.

For example: a ARPA 23_2 Horizontal 1820 lenght and 7 elements wide = the price of a ARPA 23_2 Horizontal 1820 lenght and 8 elements wide.

❗ For the possibility of requesting custom models see page 590
